Civil Air Regulations

Status List

May 15, 1958

All parts of the Civil Air Regulations listed are for sale by, and should be ordered from:

Superintendent of Documents
U. S. Government Printing Office
Washington 25, D. C.

Part numbers not shown on this list are obsolete or unassigned.

How to remit: The Government Printing Office requires that remittance be made in advance of shipment of publications, either by coupons, sold in sets of 20 for \$1 and good until used, or by check or money order payable to the Superintendent of Documents, and sent directly to that agency. Currency may be sent at sender's risk. Postage stamps, foreign money, defaced or smooth coins are not acceptable. Deposits of \$25 or more are accepted against which orders may be placed without making individual remittances.

Postage is not required for shipment within the continental United States or its possessions. Shipments to foreign countries require an additional amount for postage of about one-fourth of the price of the publications. Remittances from foreign countries should be made by international money order, or draft on an American bank, payable to the Superintendent of Documents. A discount of 25 percent is allowable to book dealers and purchasers of 100 or more copies of a single publication to be mailed to one address, on condition that the purchasers will adhere to the public sales price set by the Superintendent of Documents and that publications shall not be overprinted with any advertising matter.

Amendments to the parts, and Special Civil Air Regulations are free and should be ordered from:

Publications Section
Civil Aeronautics Board
Washington 25, D. C.

Purchasers of parts should state the specific part numbers, quantities purchased, and whether future amendments and special regulations are wanted.

Note: The Civil Aeronautics Board and the Civil Aeronautics Administration are separate agencies.

Manuals which supplement the parts of the Civil Air Regulations, CAA Releases, Regulations of the Administrator, which include Airworthiness Directives and Technical Standard Orders, and Aircraft and Component Specifications are published by the Civil Aeronautics Administration. Correspondence and inquiries concerning these items should be directed to:

Aeronautical Reference Division
